Detailed Specifications

Product Name	Solid State Drive
Main Model	EXPERT P34F SSD
Series Models	EXPERT P34F Find My; EXPERT P34F Find My 512GB; EXPERT P34F Find My 1TB; EXPERT P34F Find My 2TB;
Interface Specification	USB3.2 Gen2x1
Form Factor	ORION_D52 REV 1.0
Product Dimensions (L x W x H)	81.3mm x 43.0mm x 16.5mm
Mean Time Between Failures (MTBF)	Over 3 million hours
Product Life Monitoring	Self-Monitoring, Analysis & Reporting Technology (S.M.A.R.T)
Country of Manufacture	Taiwan
Manufacturer Information	Applicant: Team Group Inc. Address: 3F., No. 166, Jian 1st Rd., Zhonghe Dist., New Taipei City 23511, Taiwan Phone: +886-2-8226-5000 ext.418 Email: willy.cheng@teamgroup.com.tw

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference
- (2) This device must accept any interference received, including interference that may cause undesired operation.

RF EXPOSURE WARNING

This device contains transmitters and receivers which emit Radio Frequency (RF) energy. The device is designed to comply with the limits for exposure to RF energy set by the Federal Communications Commission (FCC) of the United States, Industry Canada (IC) of Canada, and the regulating entities of other countries.

WARNING

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
