

GreenGoose User Manual 1.0

INSTRUCTIONS

Treats

The treats sensor should be placed in the upright position on the treat box, to track how many treats your pet gets.

Here's How.

- 1. Find it**
First, locate your pet's favorite treat box.
- 2. Stick it**
Next, remove backing of the pet treat sticker and attach to the box in the upright position.
- 3. Store it**
Store the treat box and wait at least 1 minute before use. When ready, Click **NEXT**

FCC Part 15

This device complies with Part 15 of the FCC Rules. Operation of this product is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC warning

Changes or modifications not expressly approved by the party responsible for compliance with the FCC Rules could void the user's authority to operate this equipment.
