Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'View 4'. The component is rectangular with rounded corners and features several surface-mounted components, including two large square integrated circuits (chips) in the center, several smaller components, and a white connector at the bottom. It is placed on a blue background. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters (1-10) and millimeters (0.5mm), and one horizontal ruler at the bottom showing centimeters (1-10) and millimeters (0.5mm).
Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled 'View 5'. The component is a long, narrow strip with a central cutout. It features several circular components, likely inductors or capacitors, and some surface-mounted components. It is placed on a blue background. Two metal rulers are used for scale: one vertical ruler on the left showing centimeters (1-10) and millimeters (0.5mm), and one horizontal ruler at the bottom showing centimeters (1-10) and millimeters (0.5mm).
