Solder Board-Component View 10	 A photograph of a small, rectangular electronic component, likely a battery, placed on a blue textured surface. The component is positioned horizontally and is partially covered by a black L-shaped ruler. The ruler has white markings in millimeters and centimeters. The component has several labels: "VCC_BAT" on the left, "PC-BAT" in the center, and "BAT" on the right. There are also some smaller, less legible markings and a small circular hole on the component.
Solder Board-Component View 11	 A photograph of the same electronic component from a different angle, showing its top surface. The component is placed on the same blue textured surface and is partially covered by the same black L-shaped ruler. The ruler's markings are visible. The component has a small circular hole and some labels, including "VCC_BAT" and "BAT".
