

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the external view of the Electronic Under Test (EUT) housing. The device is black and rectangular with rounded corners. It has a white circular feature on the left side. A black ruler is placed vertically to the left of the device for scale, showing measurements in millimeters and centimeters. The background is a blue textured surface.
EUT Housing and Board View 2	 A photograph showing the internal view of the EUT housing. The black cover is open, revealing the internal green printed circuit board (PCB) with various electronic components, including a microcontroller, capacitors, and connectors. A black ruler is placed vertically to the left of the device for scale. The background is a blue textured surface.

Board-Component
View 1

Solder Board-Component View 2	 A photograph showing a circular solder component with a dark, textured surface and a small central hole. A copper-colored ring is attached to the right side of the component. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10).
Solder Board-Component View 3	 A photograph showing a green printed circuit board (PCB) component with various electronic components and solder joints. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10).
