RE: CONFIDENTIALITY REQUEST FOR INTELLITOUCH FREEDOM ONE, MODEL
WT1T, FCC ID: A66-FREEDOM-001
To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the schematic, block diagram, and parts list required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system information, equipment descriptions, and related information about the product, which OnBoard Research Corporation considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, OnBoard Research Corporation feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Arthur D. Harvey". The signature is fluid and stylized, with a long horizontal line extending to the right.
