100 Avenue de Stalingrad 94800 Villejuif, FRANCE

Date: March 22, 2021

## Product Equality Declaration

We, MUNIC, declare on our sole responsibility for the product C4D-4MUSAA\_V8 that we accept the component sources mentioned below, and that they were tested for FCC compliance:

### 1. Product Information.

Model: C4D-4MUSAA\_V8

HW version: HC4D-4MUSAA\_V8.01

#### a) Ferrite accepted and tested sources:

For this component at the same placement the sources listed below from different manufacturers are accepted and tested:

Description	Reference on schematic	Approved Manufacturer
SMD EMI Suppression Ferrite Beads WE-CBF	L2, L3, L6, L301, L302, L304	Würth Elektronik Murata

#### b) TCXO accepted and tested sources

For this component at the same placement both packaging dimension (3.2x2.5mm or 2.0x1.6mm) are accepted and tested (Sources from the different manufacturers listed below are accepted):

Description	Reference on schematic	Approved Manufacturer
TCXO 3.2x2.5mm or 2.0x1.6mm 26MHz 1.8V 2.0ppm	Y3	Epson KDS Taitien ASK

**c) Accelerometer alternative Source**

For this accelerometer feature both alternatives listed below are accepted and tested:

Alternative 1 :

Description	Reference on schematic	Reference of associated component on schematic
MEMS digital output motion Reference of Associated component on schematic sensor: ultra-low- power high-performance 3-axis "femto" accelerometer	U21	R130, R131, R142, C92, C93, C94

Alternative 2 :

Description	Reference on schematic	Reference of associated component on schematic
MEMS digital output motion sensor ultra-low-power high performance three-axis "nano" accelerometer	U23	C98, C99, C100

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely yours,
