

GSL Solutions INTPV01

Description and purpose of application

The INTPV01 is an electronic RFID reader device utilizing the 13.56 MHz ISO15963 standard. The INTPV01 is used in conjunction with ISO15963 tagged "SmartBaskets" which are attached to various products that will be physically tracked within a very well defined area.

The purpose of the application is to obtain FCC approval of original certification for GSL Solutions model #INTPV01 (FCC ID: A6KIPADR01) under FCC rule part 15.225.
