

11/30/2020

To whom it may concern,

This application is for the original certification of the IntelliPad Rev B under FCC rule part(15.225). The IntelliPad Rev B is used as a peripheral to our Intellisys software product. The IntelliPad Rev B sits on a countertop and reads ISO-15693 RFID tags embedded in baskets and reports the tag information to the host.

The Intellipad Rev B's FCCID is A6KIPADRB. It transmits at 13.56 MHz in ISO-15693 format. All testing for the IntelliPad Rev B was done by Element Materials Technology.

Sincerely,

Joe Intile, Chief Operating Officer
