Request for Confidentiality

Company name: GoNet Systems
FCC ID: A7C-GB8000F-000
FCC Part 15 Certification

Gentlemen,

Pursuant to 47 CFR 0.457(d)(1)(ii) and 0.459 GoNet Systems hereby requests permanent confidentiality of the following documents for the subject application:

Exhibit Type	File Name	Description
Block Diagram	GoBeam8000 Block Diagram.pdf	Block diagram of the product
Operational Description	GoBeam8000 Operational Description.pdf	Operational description of the product
Schematics	GoBeam8000 Full Schematics.pdf	Electrical schematics of the product
Parts / BOM	GoBeam8000 BOM.pdf	BOM of the product
Tune-Up Procedure		

Reason why the material should be withheld from public inspection:

These documents contain detailed system, equipment description and related information about the product which GoNet Systems considers proprietary, confidential, and a custom design not otherwise available to the general public. The documents disclose information about GoNet Systems' exclusive beam-forming technology, which is a trade secret, on which the company's advantage over competitors is based on.

Since the design is a basis from which future products will evolve, GoNet Systems considers that this information would be of significant benefit to its competitors and that disclosure would give competitors an unfair advantage in the marketplace.

Sincerely,

A handwritten signature in black ink, appearing to read "Sharon Ashkenazi", written over a light blue grid background.

Signature:

Name:	Sharon Ashkenazi
Company:	GoNet Systems
Title:	VP Engineering
