Pursuant to sections 0.407(d)(1)(ii) and 0.459 of the Commission's rules, this letter requests confidential treatment of following material filed in support of the above-referenced application. GoNet Systems requests the following documents be held as confidential until such time as the product is released per FCC Public Notice 04-1705.

- Set up photos
- Product Internal Photos
- User manual

The information contained in the document presents information about GoNet Systems' product that is being certified for commercial development. If competitors were to have access to this document both before and after release, they would have knowledge of GoNet Systems' proprietary technology and would be able to use this advance knowledge to their advantage. This could result in substantial competitive harm to GoNet Systems ability to bring future product to market, should that decision be made.

1. Identification of any measures taken by the submitting party to prevent unauthorized disclosure.
 - a. Information about GoNet Systems products currently under development is considered by the company to be commercially sensitive information that employees are not permitted to discuss outside the company.
2. Identification of whether the information is available to the public and the extent of any previous disclosure of information to third parties.
 - a. Information about product development is not routinely provided to the public, and is not available on GoNet Systems' web site. No information about this product has been disclosed.
