# AwoX StriimLIGHT® mini User guide

## Package contents

- StriimLIGHT light bulb with speaker
- Remote control (with battery) to control light on/off and music volume.
- This instruction guide

*Integrated  
Bluetooth  
speaker*

A photograph of the AwoX StriimLIGHT mini light bulb. The bulb is white with a silver base and a ribbed design. A small label on the side reads 'AwoX StriimLIGHT mini' and 'Sun-43'. An arrow points from the text 'Integrated Bluetooth speaker' down to the top of the bulb, indicating that the bulb itself contains a built-in speaker.

## Product specifications

- Input power: 100-240V
- Input Current: 80 mA
- Light output power: 3 W
- Light bulb E14 socket
- Speaker:  
3.2 cm, 6 Ohm, 5.5 W PMPO
- Product dimensions:  
ø 59 mm x 113 mm
- Weight: 0.18 Kg

## Getting started

Congratulations and thank you for choosing the StriimLIGHT Bluetooth speaker light. StriimLIGHT contains both a LED light bulb and an audio speaker, giving you the convenience of being able to stream music from nearly any Bluetooth-enabled music player anyplace you can plug in a light bulb!

---

**Note:** Setting up the Bluetooth connection depends on your music player. In most cases it is a simple one-step process to connect and play as described here. Check your player's instructions for specific details.

---

Follow these simple steps to get started with your StriimLIGHT product right away:

1. Before installing StriimLIGHT in your lamp, turn the power off (do not use an external dimmer switch).
2. Screw StriimLIGHT into the socket and turn the light on.
3. Activate Bluetooth on your music player, scan for new Bluetooth devices, and select StriimLIGHT. If you are prompted to enter a PIN code, type 0000 (four zeros).
4. Connect to StriimLIGHT ("Connect to audio device" or a similar command, depending on your device).
5. Select a track or playlist and hit PLAY!
6. Sit back and enjoy your music.

## Using the remote control

*Light **on** and **off** buttons. Use these to play music with the light on or off.*

*Volume **down**, **mute** and volume **up***

## Troubleshooting

If the StriimLIGHT product does not work correctly:

- Check to make sure that the Bluetooth connection is properly established with your music player.
- Do not use any kind of dimmer switch other than the provided remote control unit.

# 1 Important

## Important safety instructions

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storm or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- Not for totally enclosed luminaires.
- Not for emergency lighting.
- For lamps with weight significantly higher than that of the lamps for which they are a replacement, attention should be drawn to the fact that the increased weight may reduce the mechanical stability of certain luminaires and lamp holders and may impair contact making and lamp retention.
- **Battery usage CAUTION** - To prevent battery leakage which may result in bodily injury, property damage, or damage to the unit:
  - Install all batteries correctly, + and - as marked on the unit.
  - Do not mix batteries (old and new or carbon and alkaline, etc.).
- Remove batteries when the unit is not used for a long time.
- The batteries shall not be exposed to excessive heat such as sunshine, fire or the like.
-  **WARNING**  
DO NOT INGEST BATTERY, CHEMICAL BURN HAZARD.
- The product/remote control may contain a coin/button type battery, which can be swallowed. Keep the battery out of reach of children at all times! If swallowed, the battery can cause serious injury or death. Severe internal burns can occur within two hours of ingestion.
- If you suspect that a battery has been swallowed or placed inside any part of the body, seek immediate medical attention.
- When you change the batteries, always keep all new and used batteries out of reach of children. Ensure that the battery compartment is completely secure after you replace the battery.
- Caution: Danger of explosion if battery is incorrectly replace. Replace with only the same or equivalent type.
- If the battery compartment cannot be completely secured, discontinue use of the product. Keep out of reach of children and contact the manufacturer.
- Do not ingest battery, chemical burn hazard.
- **Apparatus shall not be exposed to dripping or splashing.**
- **Do not place any sources of danger on the apparatus** (for example, liquid filled objects, lighted candles).
- This apparatus may contain lead and mercury. Dispose according to local, State or Federal laws. For disposal or recycling information, please contact your local authorities.
- Do not place this apparatus on the furniture that is capable of being tilted by a child and an adult leaning, pulling, standing or climbing on it. A falling apparatus can cause serious injury or even death.

- This apparatus should not be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided. Make sure to leave a space of 7.8 inches (20cm) or more around this apparatus.
- Added weight of the device may cause instability of a free-standing portable luminaire.

### **FCC Statement**

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.

- This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.
- Caution! Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.

### **Class II equipment symbol**

This symbol indicates that the unit has a double insulation system.

This 'bolt of lightning' indicates uninsulated material within your unit may cause an electrical shock. For the safety of everyone in your household, please do not remove product covering.

The 'exclamation point' calls attention to features for which you should read the enclosed literature closely to prevent operating and maintenance problems.

**WARNING:** To reduce the risk of fire or electric shock, this apparatus should not be exposed to rain or moisture and objects filled with liquids, such as vases, should not be placed on this apparatus.

---

## **Care for your product**

Use only microfiber cloth to clean the product.

---

## **Care of the environment**

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products and batteries. The correct disposal of these products helps prevent potentially negative consequences on the environment and human health.

The batteries supplied do not contain the heavy metals mercury and cadmium. Nevertheless, in many areas batteries may not be disposed of with your household waste. Please ensure you dispose of batteries according to local regulations.
