HOW TO PLAY THE TF CARD AUDIO?

1. Insert the TF card, and the audio should start to play automatically.
2. Press the power button, and change to the TF card audio option.
-or use the on-screen menu function-
1. Press the 'm' button to enter the menu function. 2. Find the music icon, and pull the lever to enter.
3. Switch to the 'TF card' with the arrow keys, and pull the lever to confirm selection
4. Play the audio via the keyboard (play/pause/volumes/change songs)

* MP3/WAV/FLAC are the only supported file formats, The maximum supported capacity is 64GB.

HOW TO USE THE UAC (USB Audio Card) ?

1. Connect the USB-C cable from your PC to the speaker. The speaker will auto-switch to UAC mode.
2. If no sound, please manually choose "Divoom Audio" on your PC as output. Due to the varies outputs on the different computer USB port and audio signals bandwidth, the supplied power may not be sufficient to meet the power consumption at the higher/max volume. In such case, we suggest to fully charge the speaker in advance or lower the speaker volume for a longer sustainable audio playtime.

HOW TO CHARGE?

1. Insert the USB Type-C cable into the speaker.
2. Press the any button to check the battery percentage.
When charging, the indicator light will lit. Upon 100% charged, the indicator will be fully lit.

*Please use a 5V=2A charger.

PRODUCT SPECIFICATION

Dimension: 113.8x90x122.2mm
Speaker weight: 549g
Speaker size: 48mm
Output power: 15W
Frequency response: 30Hz-20KHz
Signal-to-noise ratio: 91dB
Playback time: 8hrs
(tested under moderate volume with controlled environment)
Battery voltage: 18Wh
Battery charge time: 4hrs
Charge: 5V=2A
Wireless range: 10M/33ft
Bluetooth compliant: 5.3

MICROPHONE SPECIFICATION

Dimension: 23x23x120mm
Weight: 33g
Frequency response: 70-15KHz
Sensitivity: -50 (±3) dB
Playback time: ≥8hrs
Battery voltage: 1.295Wh
Battery charge time: 3hrs
Charge: 5V=1A
Wireless range: <10m
Connection: BT transmission technology
FCC ID: A88-D-5MIC

SAFETY GUIDE

Please read the following instructions carefully:

1. Please follow our product installation about operation instructions.
2. Always place the speaker on a smooth and stable surface.
3. Please place the speaker on an open area for the best sound quality. Do not block the surroundings of the speaker.
4. Do not push any objects into speaker vents or slots. Do not apply any great force on the speaker.
5. Please keep the speaker at a room temperature environment. Do not place the speaker near any heat sources (such as radiators, heat registers, stoves, fire place, or direct sunlight). Do not place the speaker near any open flame source.
6. Do not attempt to service the speaker by yourself. Always refer to the instructions by qualified service personnel.
7. To avoid the risk of electrical hazard, do not expose this speaker to wet surface.

DECLARATION OF CONFORMITY:

 This device meets the essential requirements of the following Directive 2014/53/EU of the

European parliament of the council of 16 April 2014.

The waste container symbol with the X through it on the device indicates that the device must be disposed of separately from normal domestic waste at an appropriate waste disposal facility at the end of its useful service life.

Please dispose of used batteries properly following local regulations. Do NOT Incinerate. Removal of the rechargeable lithium-ion battery. In this product should be conducted only by a qualified professional.

ROHS This product is in compliance with Directive 2011/65/EU of the European Parliament and of the Council of 1 July 2011 on the restriction of the use of certain hazardous substances in electrical and electric equipment.

FCC STATEMENT:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and

This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
