Letter of Attestation for Power Conformity

DECLARES, THAT THE PRODUCT

ECW230S, Indoor Ceiling Mount Wireless Security Access Point

The equipment ECW230S has two radio modules, one module is 2.4GHz + 5GHz with 4T4R and the other one is scanning radio; the Scanning radio has two configurations of 1T1R and RX only.

For the Scanning radio in this application we just apply the RX only mode for FCC ID: A8J-ECW230S; and we also put the 1T1R test data in the report for reference only.
