Subject: Follow-Up Questions Regarding FCC ID: A98-7N2R11A

To: Mr. Johnny Pham/ NEC Corporation of America
From: Mr. Gregory Czumak / PCTEST TCB

RE: FCC ID: A98-7N2R11A

Applicant: NEC Corporation of America

Correspondence Reference Number: A9880678A
Confirmation Number: 807300678-81
Date of Original Email: August 26, 2008

Subject: Follow-up Questions/Information

In regards to your recent TCB application referenced above, we kindly request that you provide the following additional information.

1. Thank you for your response. Regarding your answer to question #2, the Block Diagram submitted, while acceptable for the phone portion of the EUT, only shows a single box, with oscillator values written in it, for both the BT and RFID transmitters. That is not a Block Diagram. The Block Diagram should show the different sections of the transmitter and its overall functionality. Please submit a more detailed Block Diagram for both the BT and RFID transmitters.

[ANSWER: See attach.](#)

2. Please describe the BT antenna. What is its gain?

[ANSWER: See attach.](#)

The items indicated above must be submitted before processing can continue on the above referenced application.

Sincerely,

Gregory Czumak
Senior Certification Engineer
Quality Manager
