Re: Request for Permanent and Short Term Confidentiality for
Electronic Pen for Interactive Plasma Display, Model DKB-DP12
FCC ID: ACJ-DKBDP12

To Whom It May Concern:

In accordance with provisions of Sections 0.457 and 0.459 of the Commission's Rules and Section 552(b)(4) of the Freedom of Information Act, we request permanent confidentiality for the below indicated exhibits. This transmitter is not user adjustable and does not have user tune-up procedure. These exhibits contain proprietary, confidential and/or trade secret materials, which would not be routinely made available for public inspection.

- Block Diagram
- Schematic Diagram
- Parts List
- Theory of Operation

In accordance with FCC Public DA 04-1705, we request forty-five day short-term confidentiality, starting from the issuance of equipment authorization date, for the below indicated exhibits. These exhibits contain pre-market information, which could give our competitors unfair advantage should this information be released before this product is actually introduced into the common marketplace.

- External Photographs
- Internal Photographs
- Test Setup Photographs and Test Setup Configuration
- User Manual

The above materials contain trade secrets and proprietary information not customarily released to the general public. Since this design is a basis from which future technological products will evolve, the public disclosure of these materials can be harmful to the Applicant by providing unfair advantage and benefits to its competitors.

Thank you for your attention to this matter.

Sincerely,

Richard Mullen
