Re: Original Certification for Wearable Camera with Built-In WLAN Transmitter, Model HX-A1M  
FCC ID: ACJ-HX-A1M

To whom it may concern;

In accordance with provisions of Sections 0.457 and 0.459 of the Commission's Rules and Section 552(b)(4) of the Freedom of Information Act, we request permanent confidentiality for the below exhibits. The transmitter is not user adjustable and does not have a provided Tune-Up Procedure. The below exhibits contain proprietary, confidential and trade secrets material, which would not be routinely made available for public inspection.

- Schematic Diagrams
- Block Diagram
- Operation Description

In accordance with FCC Public DA 04-1705, we request forty-five day short-term confidentiality, starting from the issuance of equipment authorization date, for the below exhibits. These exhibits contain pre-market information, which could give our competitors unfair advantage should this information be released before this product is actually introduced into the common marketplace.

- External Photographs
- Internal Photographs
- Test Setup Photographs
- User's Manual

Panasonic declares that we will provide appropriate notice to BVDG should either of the following occur.

- If we require additional 45 day extension period, we will notify with a new request letter at least seven days prior to the short-term confidentiality expiration date (up to a maximum of 3 extensions), or
- We will notify BVDG in the event the information regarding the product or the product is made available to the public. BVDG will then release the documents listed above for public disclosure

Please advise the undersigned if you have any questions or comments. Thank you for your attention and cooperation in this matter.
