To Whom It May Concern:

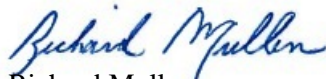

In accordance with Sections 0.457 and 0.459 of the Commission's Rules, we request a 45 day short-term confidentiality<sup>2</sup> starting from the date of grant, for the below indicated exhibits. These exhibits contain pre-market information, which could give our competitors unfair advantage should this information be released before this product is actually introduced into the common marketplace.

The above materials contain trade secrets and proprietary information not customarily released to the general public. Since this design is a basis from which future technological products will evolve, the public disclosure of these materials can be harmful to the Applicant by providing unfair advantage and benefits to its competitors.
