

Rear side

* * . . . 1A : ECU only

2A : ECU with KEYLESS REMOTE

Explanation of the difference between CY-MH6461A and CY-MH6462A

The difference between “CY-MH6461A” and “CY-MH6462A” is the condition of shipping only.

When repair parts of this device are shipped to USA, there are 2 conditions of shipping as follow:

1. Shipping of ECU only

In this case, model name “CY-MH6461A” is used.

2. Shipping of ECU with Keyless remote

In this case, model name “CY-MH6462A” is used.

There are not any other differences except the above condition of shipping.

The device itself is totally identical between CY-MH6461A and CY-MH6462A.
