8	LOT No.	YYMMDD

### - Label drawing

Dye-sublimation printing on PET labels.

After long-term testing, we have confirmed that the labels do not peel off and the printed text remains intact.

This product also uses label materials and inks with a proven track record.

As the product is small, it is impractical to display the following statements on it. Therefore, they are listed in the manual.

This device contains licence-exempt transmitter(s)/receiver(s) complies with part 15 of the FCC Rules. And contains transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development (ISED) Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.
