Our filed Exhibit I contained requested information and explanation for frequency hopping algorithm for pseudorandom hopping frequencies and other details. This entire exhibit contains privileged and confidential materials, which is not routinely available for public inspection. Pursuant to 47 CFR Section 0.459, we request this exhibit be treated as confidential and withheld from public inspection.

We will mail Mellow Bank another FCC Form 159 and declare confidential payment code EBC and include fee check in the amount of \$145. This is in addition to already mailed FCC Form 159, which declared basic payment code EGC and included fee check in the amount of \$985.

I trust this now resolved this matter.

Sincerely yours,

*Richard Mullen*
