Dear Mr. William H. Graff,

Symbol Technology Inc. is now applying their wireless LAN Card (FCC ID: H9PLA4137) to FCC directly and then it will be certified around March 20. As soon as Symbol gets the certification, Matsushita would like to get the certification for their PDA (FCC ID: ACJ9TGCF-P11) with the certified card of Symbol by submitting the following requests at the same time;

- Class II Permissive Change under section 2.1043
- Change in Identification Authorization under section 2.933(b)

Thank you for your advice.

Also, please provide us with your estimate.
