Re: Class II Permissive Change Application
Panasonic Toughpad Model FZ-F1 with FCC ID: ACJFZN1B

To whom it may concern:

Pursuant to CFR § 2.1043, Panasonic Corporation of North America hereby requests a Class II Permissive Change for its application with FCC ID: ACJFZN1B for the addition of Model FZ-F1.

The Hardware and firmware of FZ-F1 is identical to that of FZ-N1 (FCC ACJFZN1B) except for the following items:

1. Model Number on Rating Label.
2. Operating System of FZ-F1 is Windows 10 where Operating system of FZ-N1 is Android 5.1
3. Capacitors C2970, C2971 and C2972 are changed from 100 pF to 0.1µF to improve ESD immunity on keypress (see attached updated schematics)

The changes above neither degrades or impacts the RF circuitry the RF performance of the unit.

Sincerely yours,

Ben Botros
