

Installation manual

WLAN Unit, model: TXANP07VKA1 (FCC ID: ACJTXANP07VKA1) is installed in the LCD projector of Matsushita Electric Industrial Co., Ltd as shown on the next page.

With installation of TXANP07VKA1 in LCD projector of Matsushita Electric Industrial Co., Ltd, the following remarks are to be considered:

1. TXANP07VKA1 is designated its own FCC ID Number; therefore, the FCC ID Number of TXANP07VKA1 should be appeared on the label on the exterior of LCD projector of Matsushita Electric Industrial Co., Ltd unless it is visible. Such label on the exterior should include a statement, "Contains FCC ID: Contains FCC ID: ACJTXANP07VKA1" or similar description.
2. TXANP07VKA1 is in compliance with the requirements of sub-sections 15.203, 15.205, 15.207, and 15.247 of FCC Rules Part 15. TXANP07VKA1 is to be installed in accordance with their requirements.
3. User Manual of LCD projector, in which TXANP07VKA1 is installed, will include the required warning statements with regard to co-location of any other transmitter/antenna and RF Exposure as shown below:

FCC RF Exposure Warning: (if provided with wireless device)

- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
- This equipment has been approved for mobile operation and requires minimum 20 cm spacing be provided between antenna(s) and all person's body (excluding extremities of hands, wrist and feet) during wireless modes of operation.
- This equipment may not be used with other installed transmitters, which may be capable of simultaneous transmission.

TXANP07VKA1 is in compliance with the requirements of the sub-section 2.1091. When TXANP07VKA1 is installed in the LCD projector of Matsushita Electric Industrial Co., Ltd, installers must ensure that the public is not exposed to radio frequency energy levels in excess of FCC guidelines in accordance with FCC Rules Part 15.
