RE: FCC ID: AFJ236803
Attention: Tri Luu

I have a few comments on this Application.

1. Please provide photo of what is under the shields on pages 2 and 11 of the internal photos.
2. FYI no action unless desired – I did not notice the manual having any instructions on the outside antenna structure. I assume this device is to be mounted on a permanent outdoor structure. Also, while this is a fixed base transmitter, I did not see any instructions or cautions on installation of the antenna in regards to separation. Is this intentional or has it just been left out of the manual?
