RE: FCC ID: AFJ289401_ATCB003473

Attention: [JaeWook Choi](#)

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that each application must stand on its own. Consequently, while you verified auto bandwidth data in the last app, it still needs to be verified in this app. Please either provide a cover page stating Occupied BW measurements are done in auto mode on the analyzer or please provide a corrected report showing auto function for BW in the report.
2. Please note that it does not appear from the SAR plots that the location and orientation of the EUT have been clearly identified. Please provide a SAR report with the EUT superimposed on the data plots.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
