

The image shows the back of a laptop, which is placed on a green surface. A large, rectangular black redaction sticker covers the majority of the central area of the laptop's back. The sticker has some faint, illegible markings on it. The laptop's chassis is black, and various components are visible around the edges. A yellow flexible ribbon cable is connected to the top edge of the laptop, extending from the top center towards the left side. The top edge of the laptop shows several small, rectangular silver components, likely sensors or connectors. The bottom edge of the laptop shows a hinge mechanism and some wiring. The overall image is oriented horizontally, but the laptop itself is oriented vertically.
