Re: FCC ID: APV-4230HBT  
IC: 5843C-4230HBT  
M/N: LMU4230H

Dir Sir and Madam,

The LMU4230H is fleet management and tracking device that resides in private, it is a single box enclosure incorporating a processor, a GPS receiver, a wireless data modem, vehicle-rated power supply and Vehicle bus interface.

The LMU4230H also supports inputs and outputs to monitor and react to the vehicular environment and/or driver actions.

The LMU4230H contains the same BT/GSM/HSPA radios already certified by TUV under model: LMU30H30BT3 with FCC ID: APV-3030HBT and IC ID: 5843C-3030HBT

Sincerely,

---
