## ATTESTATION STATEMENT

**FCC ID: APYHRO00132**

This device contains an embedded FeliCa(RFID) device that SHARP CORPORATION confirms compliance with the Part 15 regulations.

I, the undersigned, hereby declare that the FeliCa function of the product listed below is a 13.56MHz Band used in Japan.

It is controlled by software that can be used only in Japan and the FeliCa never radiates in USA/Europe.

### **Method of observing FCC Part 15 regulation**

To activate FeliCa embedded in this product, the "AREA" setting of the phone must be "Domestic (=Japan)" and the phone must be connected to the KDDI (Japan) communication network.

And, to make phone calls in the U.S.A., the "AREA" setting of the phone must be "Overseas", the FeliCa feature is inactive in this setting.

Yours sincerely,

---
