ATTESTATION STATEMENT

FCC ID: APYHRO00132

This device contains an embedded FM Transmitter device that SHARP CORPORATION confirms compliance with the Part 15 regulations.

I, the undersigned, hereby declare that the FM Transmitter function of the product listed below is 80~92MHz Band used in Japan.

It is controlled by software that can be used only in Japan and the FM Transmitter never radiates in USA/Europe.

Method of observing FCC Part 15 regulation

To activate FM Transmitter embedded in this product, the area setting of the phone must be "Domestic (=Japan)" and the phone must be connected to the KDDI (Japan) communication network.

And, to make phone calls in the U.S.A., the "AREA" setting of the phone must be "Overseas", the FM Transmitter feature is inactive in this setting.

Yours sincerely,

Ken Newman
Principal Business Systems Co-ordinator
Sharp Telecommunications of Europe LTD.
