RE: Applicant: Sharp, Corp., FCC ID: APYNAR0074, Request for supercede of HAC RF report test report 1 of 2 exhibits

Per customer's request, the description of exhibit on FCC website is not appropriate. The HAC RF report has two parts, but both parts are named with the same description (HAC RF Report 1 of 2). Since there is no way to change the exhibit description, we have to supercede it and upload the same document again to correct the description.

Thank you,

Annie Jiang
