**TCB Review Questions for (NMB 2.4GHz Mouse, FCC ID: AQ6-CP239216, 940221A02)**

-EMC-

Question #1: Schematics: not able to identify the antenna location and related RF circuit.  
Please revise the schematics to include this info.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best Regards
