RE: LONG-TERM CONFIDENTIALITY REQUEST FOR FCC ID: AQZ-RF-7800W-G2

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the Operation Description/Theory of Operation, User's Manual and the Software Security Document (U-NII Device Security for RF-7800W-OUxxx Broadband Ethernet Radio) required to be submitted with this application be permanently withheld from public review.

Harris has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink that reads "Thomas D Camper, Jr." The signature is fluid and cursive, with "Thomas" and "D" being more stylized, and "Camper" and "Jr." being more clearly legible.
