CMWA 8800

Test report

Nemko test report no. 141282/6

[www.nemko.com](http://www.nemko.com)

Nemko has evaluated the product CMWA 8800 from SKF USA Inc. regarding changes done on the product since the FCC / IC test that was performed at Nemko in 2009.

Based on the information from the customer, Nemko can state that no changes have been made to the equipment that could affect the radio part and the performance stated in the Nemko test report 141282 / 6 performed at the date 2009-08-24.

Revision 2 of the report that was issued 2011-12-22 due to change of the company name and the contact person only.

**Nemko state that the reported results in the test report “141282\_6 FCC 15.247 Test report\_rev2.” are still representative and valid for the product.**

Date of issue 2012-02-07

Document revision: 1.0
