Columbia, MD 21046

RE: FCC Identifier ATH2425180

Dear Sir:

We respectfully wish to apply for a Class II permissive change for the above referenced FCC Identifier under the provisions of FCC rule 2.1043.

The change involves the addition of a new optional lapel-worn speaker/microphone with antenna to the approved accessory list. The antenna that is used with the speaker/microphone is the one that is provided as standard equipment with the portable radio. No other changes have been made. In support of that change, a SAR test report is being submitted, along with the required supporting exhibits.

The applicant certifies that no party to this application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug abuse Act of 1988.

Our FRN number is 0004-2015-21.

Your prompt attention to this matter is appreciated. Please let me know if there are any questions or if further data is required.

Sincerely,

John S. Oblak  
Chief Engineer, E.F. Johnson Co.
