

MOTOROLA

FCC ID: AZ489FT4851

IDENTIFICATION LABEL

LOCATION

 X See the attached Photograph, and exhibit 3 for the location of the label on the device

 Back of Radio

 Back of Radio under Belt Clip

TYPE

 X The label is a paper polyester film laminate with a pressure sensitive adhesive backing. The adhesive is a permanent type acrylic with minimum peel strength of 40oz/ inch.

 The label is laser etched into the Urethane paint, exposing the Nickel plating on the Zamak casting substrate. Since no adhesive is required, the label is permanent and tamper-proof. (** - NOTE- The label attached below is a paper polyester film laminate, as described above. This is just for sample purposes, as the actual label is laser etched into the casting)

MARKINGS (TEXT)

See Photograph, Exhibit 1.
