Subject: Application for a Class 2 Permissive Change of Transmitter with FCC ID: AZ489FT4892.

Dear Sir or Madam:

Motorola Solutions Inc, 8000 West Sunrise Boulevard, Fort Lauderdale, Florida, herein submits application for a Class 2 Permissive Change of the subject transmitter. The changes are as follows:

1. The housing color has changed from black to Army Green.
2. The metallic pigmentation content of the paint is identical to the previous color.
3. The lower rated power setting is changed from 1 W to 0.25W using software control.

This transmitter is intended for use in a Portable Radio environment with capabilities for clear and coded communications with a variable transmit power operating within the following frequency ranges:

380 – 470 MHz: 0.25 – 5.7 Watts (24 – 37.55 dBm)

The subject transmitter complies with Section 90.203 of the Rules in that the operator cannot directly program transmit frequencies using the unit's normally accessible external controls.

Additionally, the radio is equipped with a Bluetooth transmitter capable of clear communications with fixed power operating within the following frequency ranges:

2402 – 2480 MHz: 0.005 Watts

The Bluetooth transmitter complies with the requirements of FCC Part 15 subpart C.

A complete application for certification is enclosed. Please contact Mike Ramnath at (954) 723-5793 if you require any additional information.

Sincerely,

Mike Ramnath (signed above)
