

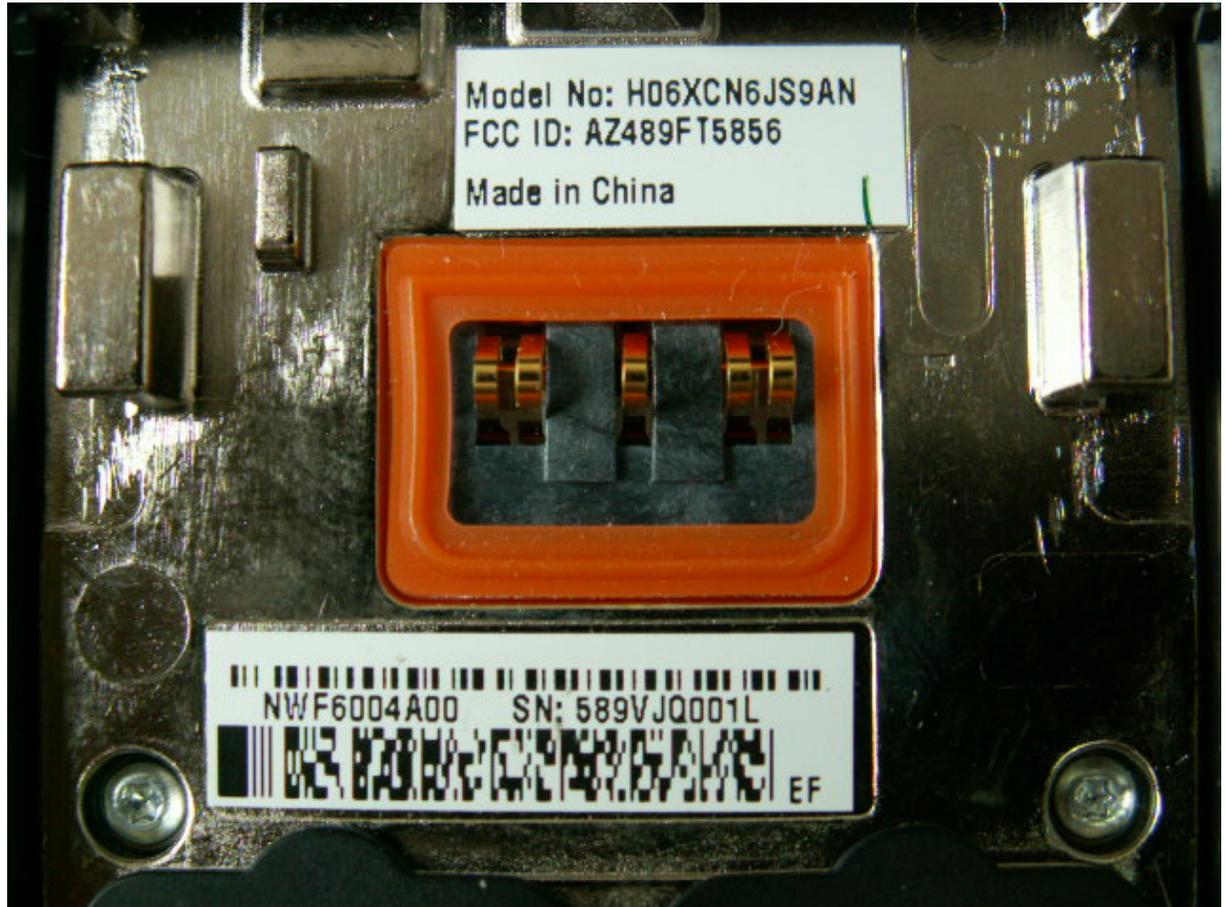

## Exhibit 1: Identification Label -- Pursuant to 47 CFR 2.925 and 2.1033(c)(11)

### 1.1 Location

On the rear (back) side of the radio product chassis, beneath the battery (see also Exhibit 13c). Please note that Motorola complies with FCC Rule Part 2.925 (d) that the label is permanently affixed and is readily visible to the purchaser at the time of purchase. The adhesive is a permanent type with minimum peel strength of 5 lbs/in.

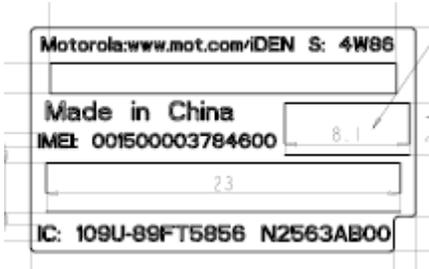

### 1.2 Markings (Text)

The FCC label shown is representative of the label that will appear on the radio when in production. It will be placed on the equipment as shown here and in Exhibit 3. Other information may also be included on this label, and other labels may also appear.

### 1.3 IC label (Additional Label for marketing to Canada)

The IC label shown is representative of the additional label that will be added on the radio by distribution center when marketed to Canada. It will be placed on the equipment in the position shown below. Other information may also be included on this label, and other labels may also appear.

Position of IC label
