Dear Mr. Dayhoff,

Motorola Inc., 8000 West Sunrise Boulevard, Fort Lauderdale, Florida 33322, herein submits its response to your request for information on FCC ID: AZ489FT7007, EA277418 and EA804336 via Correspondence Numbers 25242 and 25216.

Q1) Please clarify references in user manual to optional GPRS and DATATAC radios. It appears that these would be precluded under this FCC ID?

R1) The attached User Manual was amended, please see page 7, for optional GPRS and DATATAC radios.

Q2) Please reword RF exposure training wording. Wording appears consistent with PTT devices. This device appears fundamentally different. Please provide specific instructions about when a user will be exposed with this radio and how they should control their exposure.

R2) See the attached amended RF Safety Card.

If you have any questions, please contact me at 954-723-5793.

Sincerely,
/s/ Mike Ramnath
FCC Liaison
