Attn: Mr. Tim Harrington

SUBJECT: Motorola Inc.
FCC ID: AZ489FT7010
731 Confirmation No.: TC737053
Correspondence Reference No.: 25294
Request for Tech. Info.: 12/19/2005

Dear Tim:

Transmitted herewith, on behalf of **Motorola Inc** is an amendment provided in response to the request for technical information dated December 19, 2005.

1. We confirm with the applicant that the GSM and the Bluetooth can transmit simultaneously.
2. Upon the request of Motorola's Development Engineering, the power reported in the RF Exposure report took a more conservative approach by providing data that is 20% higher than the maximum power. However, the factory final test upper limit, per the factory 12M Spec, should not exceed those on the FCC Grant for FCC ID: IHDT56DB1.
3. Please find attached the Internal Photos that show all antenna positions relative to the housing.

We trust this information is sufficient to resolve FCC questions in this application. If you have any further questions, please do not hesitate to contact us.

Randy Ortanez
President
