Attn: Mr. Tim Harrington

SUBJECT: Motorola Inc.
FCC ID: AZ489FT7010
731 Confirmation No.: TC299967
Correspondence Reference No.: 26082
Request for Tech. Info.: 01/30/2006

Dear Tim:

Transmitted herewith, on behalf of **Motorola Inc** is an amendment provided in response to the request for technical information dated January 30, 2006.

1. The Bluetooth powers submitted in the SAR report are within previously allowed tolerances based on the attached interpretation by the commission. Please note that GSM transmitters in both bands easily operate linearly at 1 Watt. We understand that the letter of Supplement C advises SAR testing at a lower power level. The applicant is willing to accept the higher SAR levels on the Grant of Authorization. This testing will be repeated if required.

We trust this information is sufficient to resolve FCC questions in this application. If you have any further questions, please do not hesitate to contact us.

Randy Ortanez
President

cc: Motorola Inc.
