Re: FCC ID: AZ492FT7000  
Grantee: Motorola, Inc.

Gentlemen:

On behalf of Motorola, Inc., we request Certification for the above referenced Intentional Radiator under Part 15.247. We wish to make reference to all test data and exhibits currently on file for the FCC ID: H9PLA2400. Please be advised that Symbol recently submitted a Class II permissive change, dated 10/17/00 to add the monopole antenna integrated within the HDT401, FCC ID: AZ492FT7000 subject of this Certification. Additionally, we submit the other appropriate supplemental exhibits for your consideration.

A letter from Sandy Mazolla of Symbol Technologies, Inc. is submitted as an attestation exhibit with this application. This letter authorizes the FCC to allow Motorola, Inc. to refer to Symbol Technologies, Inc. data on file for the FCC ID: H9PLA2400.

The newly identified device uses the identical wireless LAN PC Card originally Certified as defined by Part 2.908. Motorola, Inc. makes no physical or electrical changes to the Symbol spread spectrum transceiver. Further, the antenna Motorola part number 8586289T01 is identical to that for which Symbol has filed a Class II Permissive Change.

Thank you for your time and consideration of this application. Please contact the undersigned should you require any additional information concerning this request for Certification.

Sincerely,

A handwritten signature in black ink that reads "Rod Munro". The signature is written in a cursive, flowing style.

Rod Munro  
President  
Spectrum Technology, Inc.

To whom it may concern,

This letter is to confirm that Symbol Technologies Inc. is authorizing Motorola Inc. to utilize Symbol's Part 15 FCC Certification (H9PLA2400), for the purpose of obtaining CFR 47 FCC Part 15 Certification for Motorola's HDT 401 terminals.

Please give me a call if you require any further information.

Regards,

Sandy Mazzola
