Re: FCC ID H9PLA2400 Ref # 17050

Date: 11/14/00

Dear Reviewer,

In response to the following Email:

Re:	FCC ID H9PLA2400	
Applicant:		Symbol Technologies Inc
Correspondence Reference Number:	17050	
731 Confirmation Number:		EA99056

1) Photo's of the new antennas.

Photos of the new antennas are in the RF Exposure exhibit.

2) Compliance with Section 15.203 with the new antennas.

The antennas are fitted with an MMCX connector to comply with 15.203.

3) For RF safety purposes, we require that you submit a list of all previous antennas. Provide the gain, type, output power and EIRP.

See the environmental assessment table uploaded as an RF Exposure attachment.

I hope these answers are satisfactory.

Respectfully,

Norman H. Nelson
