

ES205

■ Label design

It cannot be listed on the module because the module size is too small,
so it should be listed in the manual and box.

Manual

DS126918(IC:498J-248 including wireless module ES205/FCC ID:AZD248))

5.15-5.35GHz band is restricted to indoor operations only.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference
received, including interference that may cause undesired operation.

*If it is difficult to describe this statement on the host device due to the size, please describe in the user's
manual and also either describe on the device packaging or on a removable label attached to the device.
