Dear Mr. Koop,

Pursuant to 47 CFR Part 0, section 0.459, we herewith submit a request for non-disclosure of the following exhibits, related to this application for FCC ID: **AZDK30306**.

The contents of the exhibits as listed below under 1-4 may not be disclosed to any other party than **CANON INC.** and must be permanently withheld from public inspection under 5 U.S.C. 552 (b)(4) and must be permanently kept confidential.

1. Parts list / Bill of materials;
2. Circuit diagram;
3. Operational description;
4. Block diagram.

The reason for this request for permanent confidentiality is that the information contained in the exhibits as listed above has been classified as company confidential (with reference to 47 CFR Part 0, section 0.457(d)). Disclosure of any portion of this information to other parties would cause substantial competitive harm.

In addition to the above, this request also includes a request for the short-term confidentiality of all other exhibits, except for the exhibits as listed below under 5-9.

5. Attestation statements;
6. Cover letters;
7. FCC ID labels;
8. Test reports;
9. RF exposure information.

The contents of the exhibits as listed below under 10-14 may not be disclosed to any other party than **CANON INC.** and must be temporary withheld from public inspection under 5 U.S.C. 552 (b)(4) and must be temporary kept confidential.

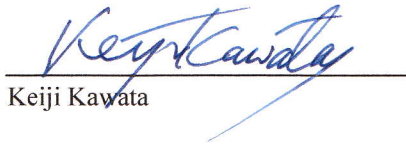

10. External photographs;
11. Internal photographs;
12. User manual;
13. Test-setup photographs;
14. Information required for certification of equipment other than that operating under 47 CFR Parts 15 and 18.

The reason for this request for short-term confidentiality is that the information contained in the exhibits as listed above has been classified as being temporary company confidential (with reference to 47 CFR Part 0, section 0.457(d)). Disclosure of any portion of this information to other parties prior to the date of the actual marketing of the device would cause substantial competitive harm.

I, as the applicant, understand and have taken notice of the following.

- (a) The initial standard period for short-term confidentiality is 45 days, counting from the date of issue of the Grant;
- (b) The initial standard period for short-term confidentiality may be extended one time with another 45 days;
- (c) The applicant shall inform the TCB about the date on which the device will be actually marketed. Such a notification must be received by the TCB at least one week before the date of actual marketing. The short-term confidentiality will then terminate on the date of the actual marketing of the device;
- (d) If the initial standard period for short-term confidentiality as under (a) must be extended by another 45 days, the applicant shall inform the TCB about such a request at least one week before the expiration date of the initial standard period;
- (e) If no request from the applicant is received by the TCB for extending the initial standard period of the short-term confidentiality as under (a), the short-term confidentiality will terminate automatically after 45 days, counting from the date of issue of the Grant;
- (f) The short-term confidentiality, when extended once as under (b), will terminate automatically after 90 days, counting from the date of issue of the Grant.

Yours sincerely,

Keiji Kawata
