

# GPS tracker label sample

**GPS Tracker**  
Model No. : TK103  
Rated voltage:  9V-30V  
**FCC ID: AZTTK103-TK109**

 **Warning**  
This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference,  
and (2) this device must accept any interference received,  
including interference that may cause undesired operation.

**GPS Tracker**  
Model No. : TK105  
Rated voltage:  9V-30V  
**FCC ID: AZTTK103-TK109**

 **Warning**  
This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference,  
and (2) this device must accept any interference received,  
including interference that may cause undesired operation.

**GPS Tracker**  
Model No. : TK106  
Rated voltage:  9V-30V  
**FCC ID: AZTTK103-TK109**

 **Warning**  
This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference,  
and (2) this device must accept any interference received,  
including interference that may cause undesired operation.

**GPS Tracker**  
Model No. : TK107  
Rated voltage:  9V-30V  
**FCC ID: AZTTK103-TK109**

 **Warning**  
This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference,  
and (2) this device must accept any interference received,  
including interference that may cause undesired operation.

**GPS Tracker**  
Model No. : TK109  
Rated voltage:  9V-30V  
**FCC ID: AZTTK103-TK109**
