Electrical

Separate Power Sources

Please ensure you review the power output of any device you connect to the M440.

NOTE: The reference input power rating for M440: 12 Vdc, 1 A

WARNING! This device contains sensitive electronic components that can be permanently damaged if exposed to excessive shock, electrical interference or vibration.

Location – Electrical Considerations

CAUTION: Due to risk of electrical shock or unit damage, do not use the unit near water, including a bathtub, wash bowl, kitchen sink or laundry tub, in a wet basement, or near a swimming pool. Also, avoid using this product during electrical storms. Avoid locations near electrical appliances or other devices that cause excessive voltage fluctuations or emit electrical noise (for example, air conditioners, neon signs, high-frequency or magnetic security devices, or electric motors).

ATTENTION: *Du fait d'un risque d'électrocution ou d'une détérioration du terminal, ne pas utiliser cet équipement près d'une source d'eau, par exemple près d'une baignoire, d'un lavabo, d'un évier de cuisine ou d'un bac de lavage, dans un sous-sol humide ou à proximité d'une piscine. De même, éviter d'utiliser ce produit lors des orages provoquant des coupures électriques. Éviter de placer le terminal à proximité d'appareils électriques ou autres unités pouvant entraîner des fluctuations de tension importantes ou des interférences électriques, tels que les climatiseurs, enseignes au néon, dispositifs de sécurité à haute fréquence ou équipements électriques.*

Equipment

Location – Environmental Considerations

This device is for indoor use only. Do not operate the device outdoors; it is not waterproof nor dust proof. Any damage to the unit from exposure to rain or dust may invalidate the product warranty.

Keep the device away from dust, humidity, moisture, caustic chemicals or oils, direct sunlight, high heat and anywhere that radiates heat such as a stove or a motor

WARNING! Your POS Terminal contains sensitive electronic components that can be permanently damaged if exposed to excessive shock or vibration. To minimize the risk of damage to your Terminal, avoid dropping your Terminal and operating it in high-shock and high-vibration environments. Do not store the Terminal where prolonged exposure to extreme temperature can occur, because it can cause permanent damage. Do not expose the Terminal to water. Contact with water can cause this unit to malfunction.

AVERTISSEMENT! *Votre terminal de point de vente contient des composants électroniques sensibles, susceptibles de subir des dommages définitifs en cas d'exposition à des chocs ou à des vibrations excessives. Pour minimiser le risque de dommages pour votre terminal, éviter de le faire tomber ou de l'exposer à des environnements pouvant provoquer des chocs et des vibrations excessives. Ne pas stocker le terminal dans des lieux susceptibles d'entraîner une exposition prolongée à des températures extrêmes, du fait des dommages définitifs que cette situation peut provoquer. Ne pas exposer le terminal à l'eau. Un contact avec de l'eau peut provoquer un dysfonctionnement de l'unité.*

Repairs

Contact your local Verifone distributor or service provider for assistance. Do not attempt any service, adjustments or repairs on this equipment under any circumstances. Failure to comply will void the product warranty.

Notice

For 5G Band (WLAN: 5150-5350 MHz)

Per FCC regulation, WiFi products marketed in US must be fixed to US-operation channels only.

WiFi-WLAN 5G Band device is restricted for indoor use only when operating in the 5150 to 5350 MHz frequency range.

M440 Certifications and Regulations

FCC ID: B32M440

FCC Compliance

The following device has been tested and certified as compliant with the regulations and guidelines set forth in Part 15 of FCC Rules:

Manufacturer: Verifone, Inc.

Brand: M440

Model: M440

Part 15 of FCC Rules

This device complies with the limits for a Class B digital device as specified in Part 15 of FCC Rules which provide reasonable protection against harmful interference in a residential installation. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment generates and uses radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. In the unlikely event that there is interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by doing any of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications to this equipment not expressly approved by Verifone could void the user's authority to operate this equipment. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet équipement est conforme aux limites d'un dispositif numérique de classe B, comme stipulé dans la partie 15 des règles FCC, qui prévoient une protection raisonnable contre les interférences nocives dans une zone résidentielle. Le fonctionnement est soumis aux deux conditions suivantes:

(1) Ce dispositif ne peut pas provoquer d'interférences nocives, et

(2) Ce dispositif doit accepter la réception d'interférences éventuelles, y compris des interférences susceptibles de provoquer un fonctionnement inattendu.

Cet équipement produit et utilise l'énergie des ondes radio et, s'il n'est pas installé et utilisé conformément aux présentes instructions, peut provoquer des interférences nuisibles pour les communications radio. Toutefois, aucune garantie n'est donnée que des interférences ne se produiront pas dans une installation particulière.

Dans l'éventualité improbable d'une interférence avec la réception d'ondes de radio ou de télévision (pouvant être déterminée en éteignant et en rallumant l'équipement), il est conseillé à l'utilisateur d'essayer de corriger l'interférence en appliquant une ou plusieurs des mesures suivantes:

- Réorienter ou déplacer l'antenne de réception.
- Augmenter la distance entre l'équipement et le récepteur.
- Connecter l'équipement à une sortie de circuit différente de celle à laquelle est connecté le récepteur.
- Consulter le fournisseur ou demander l'aide d'un technicien expérimenté dans le domaine de la radio et/ou de la télévision.

Tout changement ou modification apportés à cet équipement, non approuvé de manière expresse par Verifone, est susceptible d'entraîner le retrait de l'autorisation de l'utilisateur à utiliser cet équipement. L'antenne ou les antennes utilisées pour cet émetteur ne doivent pas être placées côte à côte ou fonctionner conjointement à une autre antenne ou à un autre émetteur.

Legal Terms and Conditions Regarding PCI SSC Approvals

PCI SSC's approval only applies to PEDs that are identical to the PED tested by a PCI Security Standards Council recognized laboratory. If any aspect of the PED is different from that which was tested by the laboratory - even if the PED conforms to the basic product description contained in the letter, then the PED model should not be considered approved, nor prompted as approved. For example, if a PED contains firmware, software, or physical construction that has the same name or model number as those tested by the laboratory, but in fact are not identical to those PED samples tested by the laboratory, then the PED should not be considered or promoted as approved.

No vendor or other third party may refer to a PED as "PCI Approved," nor otherwise state or imply that PCI SSC has, in whole or part, approved any aspect of a vendor or its PEDs, except to the extent and subject to the terms and restrictions expressly set forth in a written agreement with PCI SSC, or in an approval letter. All other references to PCI SSC's approval are strictly and actively prohibited by PCI SSC.

When granted, an approval is provided by PCI SSC to ensure certain security and operational characteristics important to the achievement of PCI SSC's goals, but the approval does not under any circumstances include any endorsement or warranty any products or services provided by third parties. Approval does not, under any circumstances, include or imply any product warranties from PCI SSC, including, without limitation, any implied warranties of merchantability, fitness for purpose or noninfringement, all of which are expressly disclaimed by PCI SSC. All rights and remedies regarding products and services, which have received an approval, shall be provided by the party providing such products or services, and not by PCI SSC or the payment brand participants.

This equipment operates on a secondary basis, and must not cause interference to systems operating on a primary basis. As secondary equipment, it is not protected from harmful interference, even from stations of the same type.

Industry Canada Class B Emission Compliance Statement

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

RF Exposure

This equipment complies with FCC, Canadian and European limits for RF exposure from hand operated wireless devices.

Cet équipement est conforme aux limites de la FCC, Canadiennes et Européennes en matière d'exposition aux RF provenant d'appareils sans fil à commande manuelle.

Recycling: DO NOT DISCARD!

UNIT MUST BE RECYCLED OR DISPOSED OF PROPERLY
For proper disposal instructions, go to <http://recycle.verifone.com> reference.

continued on rear cover

Recyclage: NE PAS JETER!

*L'unité doit être recyclée ou mise au rebut dans les endroits prévus à cet effet.
Pour connaître les procédures de mise au rebut, consultez le site <http://recycle.verifone.com>*
