Attention: Equipment Authorization Branch

Subject: Certification for FCC ID: B5KKRC12110-31

Gentlemen,

Ericsson Radio Systems AB requests a grant of Certification (Type Acceptance) for the above mentioned FCC Identifier.

This dual mode cellular base station is for use in the 800 MHz Domestic Public Cellular Radiotelephone Communications Services, Subpart H of Part 22, and was tested using TIA/IS-136/IS-138 for operation in Cellular Systems.

This base station will operate in either the analogue or digital mode at a maximum power out of 30 watts at the antenna connector of the TRX unit.

The statement concerning MPE compliance for this base station is contained in exhibit 11.

Ericsson Radio Systems AB requests confidentiality under CFR 0.459. Confidentiality for the following exhibit is requested
Exhibit 5.....Circuit Diagrams

Justification of this request is in order to protect the large investment in developing this technology and to facilitate the circuit miniaturization utilized in this design and protect the innovative design as well as proprietary techniques which are implemented. In order to protect Ericsson's competitive advantage on these proprietary techniques, we request the above listed exhibits be held as confidential and withheld from the Public Information File.

If additional information is needed, please contact me on the below listed number.

Sincerely,

Larry L. Roberts
Staff Engineer, Regulatory Programs
