Subject: Nihon Kohden Corporation, FCC ID: B6BZS-940PA, Assessment NO.: AN04T4252, Notice#1

Question #1: WMTS device under Part 95H is subject to routine RF evaluation. However, based upon recent FCC policy, for the WMTS device with output power less than 1 mW, a statement from manufacturer to justify RF exposure compliance without SAR measurement can be used.

Please submit a statement to justify RF exposure compliance based upon output power is less than 1 mW.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
