

3. Internal Photograph of the Host

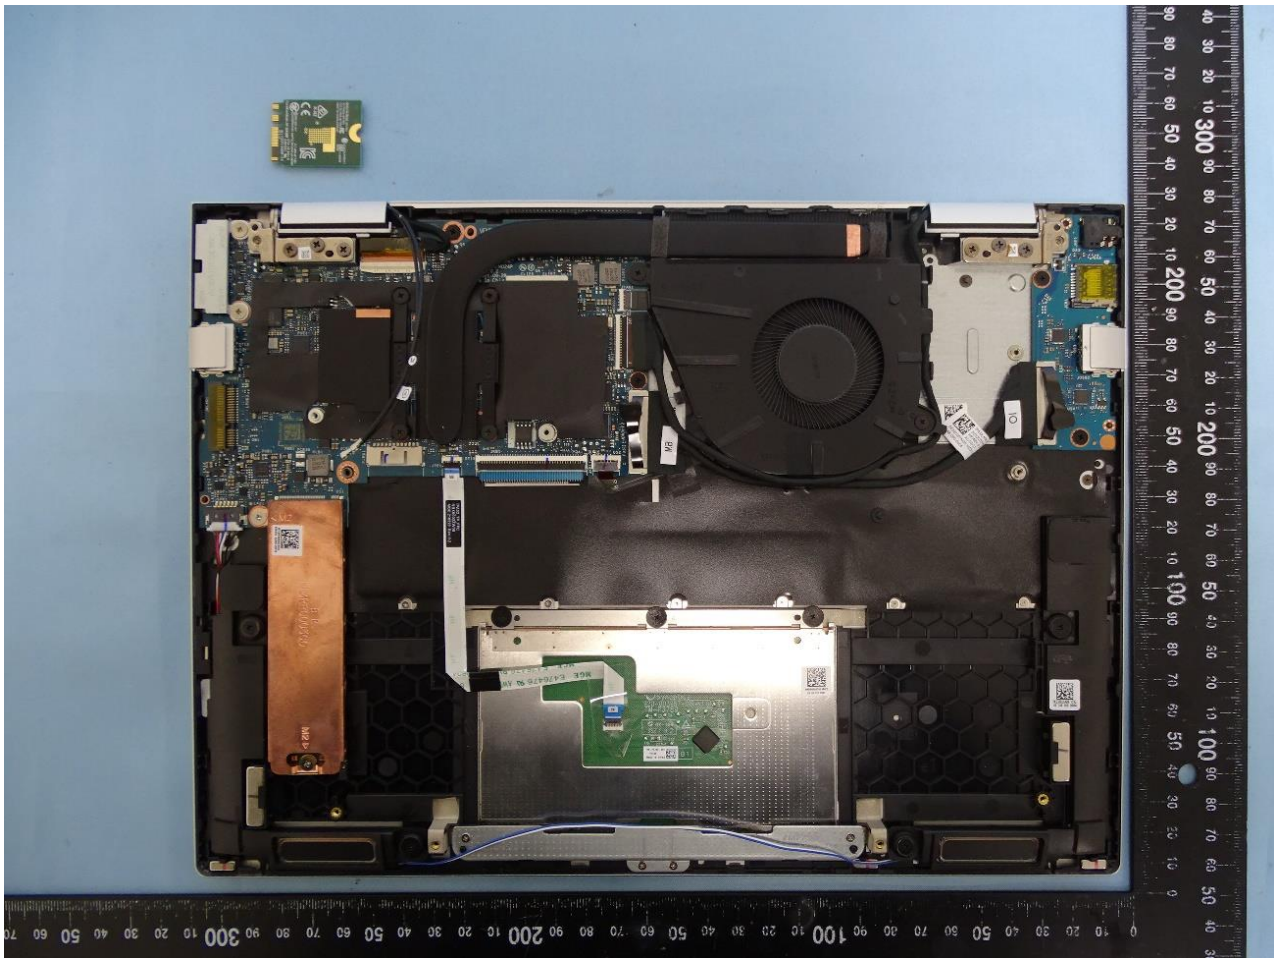

HTK Antenna

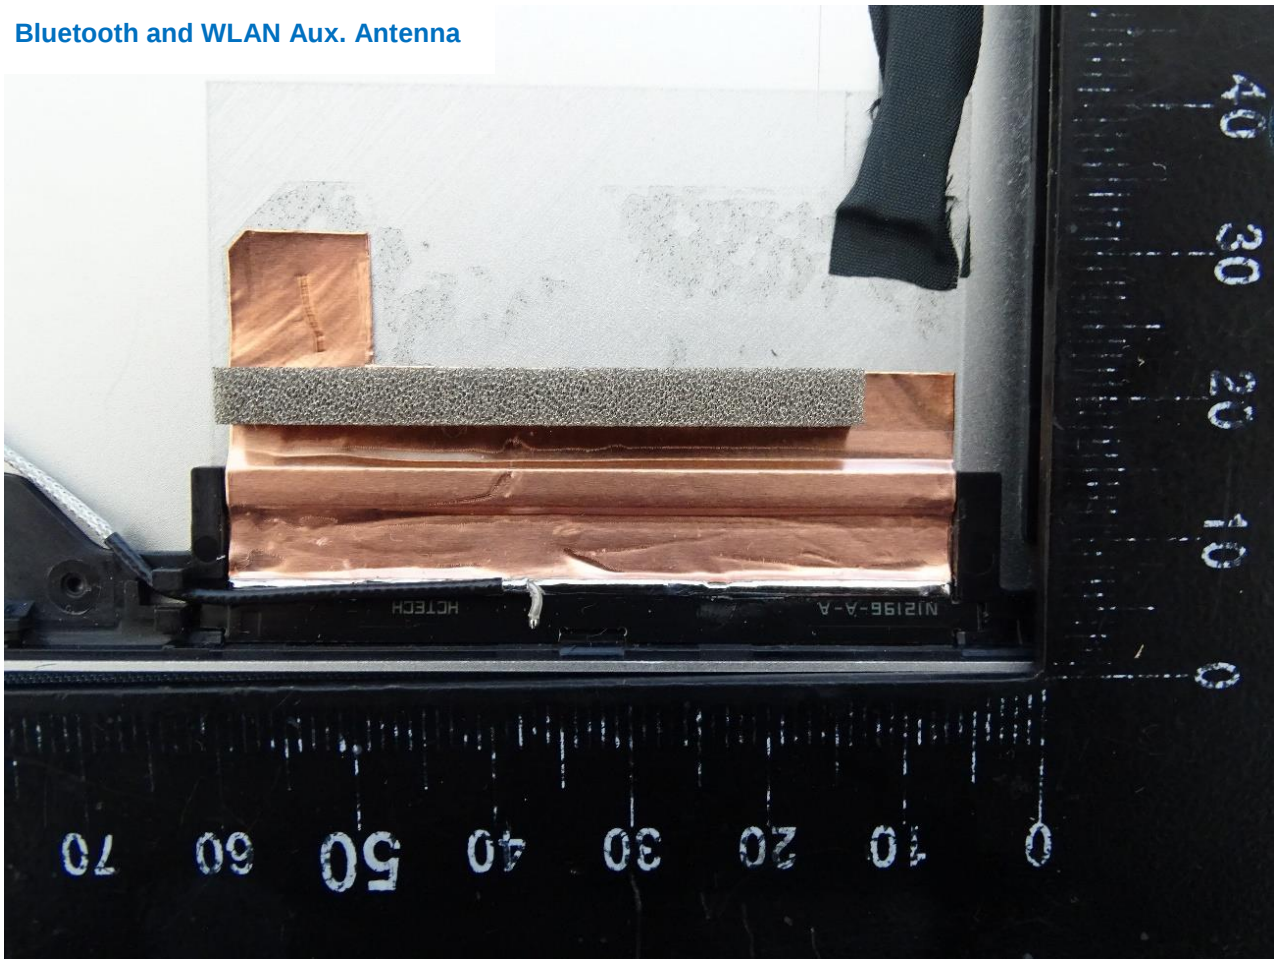

A photograph of a disassembled laptop, showing the internal components. The bottom cover is removed, revealing the motherboard, RAM, SSD, fan, and battery. A ruler is placed vertically on the right side for scale. The components visible include the motherboard with various chips and connectors, two RAM modules, a green SSD, a cooling fan, and a large black battery pack. The laptop is placed on a light blue surface.
